CHAPTER IX.

THE NEAT WATER OF DEATH.

Fenful was the night that followed that hadeous day. Barning, berning, berning the horizon of the provided of the property of the provided of the pr

annet us stated of torrise. Levy source de-tense application was being hused on. The commane was easily a great these a spationism and barriangs were the data of the command of the comm

Indicent love. Tell her to nurse berself.

Give her baby's love, ton, Philip, I know the little creaves is all love, though he was born in an evil time."

"Your little interm-bird" murmared Philip, baseling over the bed to kins the little pitch sixe, so soft, like something very little pitch sixe, so something sixe, so something

before them. The committee was increa-dering without a blow. Order would be restored, Paris et peace, by Sanday more ing.

"And we shall heer all the church-bells ranging for mess, and see the people in their Sanday Jethes," coas-baded Manna-Schubert cheer was a captured, waited in the Rue Gil I of Cour was not very far affect when the clecks chimed midelight. She had wundered about Paris all day, bunuting the gase of the prison, luquing for her missine hauband of every one who eemed in the less thicky to be about a weer. Hud there been any new arrests made within the last three days, and semang the new arrest was there n young wan, tall, show, with directory eyes and wan, tall, show, with directory eyes and the related of Manna, a tin, demanded the partner of Manna, a tin, demanded the Little Requester, a Sainter Delange, at La Sante, the patient pligtin oppeared, weary with garamens whitened by the chally dut of the hard dry roads which scorched ber tired field, dronging in body, yet brave of soid, questioning, nething, watching, intered the standay of the lost cone.

Amidst blood ond fire she wandered to

sently awopt and garnished; everything was in its place. Gaston's burnet was locked; the glazed cabiset in which he kept his cherished collection of books, and the sent and the particular of the place of the sent and the particular of the place of the sent and the particular of the sent and the sent and

"Who is spraking about me?" cried a silvery voice in an adjoining spartment. "Here is something for you, my Jus tins."

time."

Justine entered the apartment.

"Ahl what a fine veen?" she exclaimed.

"The for you," and Adaliter.

"Thanks oh, so many thanks! I will give it on yo professor, who has promised give it on yo professor.

"This for you," and Adaliter.

Next day, after her matic leasen, the beautiful Justine said to be professor.

"This is for you," has ling him the vace. "My deet shad he sono? Yes?" "Yes, soon," and the professor.

"This is for you," has ling him the vace. "My deet shad he sono? Yes?" "Yes, soon," and the professor.

"The professor went home, bearing tha sate, a happy man.

"It is not the professor will be the professor of the professor will be the professor. The professor went home, bearing that sate, a happy man.

"It is not the professor will be the sate hard good it dear, the beams apy land by, but the Lord is good!" pinady crossing himself.

The wife of Signor Fedicatini—professor of singles and ecoul. on, formerly based cannot of the theatres of Milan and Turin you did not buy this vace and these can dies, for that would have been madness. I know you so well you need not reply. Same one give them to you, and you land how the production of the professor of the prof bean interfered, mot seasons and the season of the season
